

# BIG CHECK. BIG COVERAGE. BIG RELIEF. POWERED LOCALLY.®

Jarrid Kranz was presented with a \$13,334.70 check for coverage on his Challenger C18® tractor enrolled in the Cenex Total Protection Plan® by Joel Kemnitz, Certified Energy Specialist, CHS Farmers Alliance in Mitchell, S.D. From left to right: Jim Hargens, CHS Lubricants District Manager, Joel Kemnitz, Jarrid and Mariah Kranz of Redfield, S.D.

Insurance is something most people don't want to think about — in some ways, getting insurance is almost like planning for something to go wrong. At least, that's what it seemed like to Jarrid Kranz, of Kranz Custom Grinding in Redfield, South Dakota, when he decided to purchase a new Haybuster with a Cat C18 motor almost five years ago. However, since the company he works with uses the Cenex Total Protection Plan® for its equipment, Kranz decided to enroll his Haybuster as well. And it's a good thing he did.

Last April, the Haybuster's motor started erratically burning oil, something it had never done before. Kranz hauled the equipment in and it turned out that a couple of the pistons were scoring on the motor, causing significant damage. When Kranz saw the repair bill, he was happy he had the Cenex Total Protection Plan®, which extends protection beyond the manufacturer's warranties, with no

deductible. CHS Farmers Alliance, his local co-op, helped Kranz through the process, but with it being his first claim, Kranz wasn't sure how things would unfold. "I didn't think in a million years it would get approved," Kranz said. "And then I got a call saying, 'We're going to come out and write you a check for the repairs.'" He was relieved. And it was a big check — \$13,334.70.

When he first got the Cenex Total Protection Plan®, Kranz wasn't sure it was completely necessary. "But, you don't know how great the protection is until something like this happens," Kranz said. "The protection plan is a big deal — otherwise this would have been coming out of my pocket."

While no one really wants to ever have to rely on insurance since that means something went wrong, the Cenex Total Protection Plan® provides a lot of peace of mind for those times it's needed.

*"You don't know how great the protection is until something like this happens."*

— JARRID KRANZ, REDFIELD, S.D.

## WHAT IS THE CENEX TOTAL PROTECTION PLAN®?

The Cenex Total Protection Plan® extends beyond manufacturers' warranties and provides coverage to farmers who use premium Cenex® fuels and lubricants. It covers new equipment for up to 10 years or 10,000 hours and used equipment for up to 8 years or 8,000 hours, with no deductible.

Give your certified Cenex® distributor a call today and they'll help you determine the right energy products and protection for all your equipment. You can also visit [cenex.com](http://cenex.com) for more information or to enroll.
