

BIG CHECK. BIG COVERAGE. BIG RELIEF. POWERED LOCALLY.®

Kyle Traun (left) received a check for \$19,131.21 from Doug Bauer, Energy Specialist, of Countryside Coop in Durand, Wisc., for the Cenex Total Protection Plan® coverage on his John Deere 7730 tractor. Pictured from left to right are Kyle, Elish, Kody Traun and Doug Bauer.

It's never the present you're hoping for when your tractor's engine seizes up on Christmas morning, which is exactly what happened to Kyle Traun of Traun Farms Inc. in Durand, Wisconsin. Fortunately, the Cenex Total Protection Plan® helped with a present in the form of a big check to cover the repair because Traun had been protecting his farm equipment with the Cenex Total Protection Plan® for over 15 years.

Traun, who has three tractors enrolled in the Cenex Total Protection Plan®, always submits his oil for used oil analysis through LubeScan®. Unfortunately, several samples from his John Deere 7730 started showing high levels of coolant in the oil. His local dealer couldn't fix the problem, and finally the engine seized up, requiring a new rebuilt engine. Fortunately, the Cenex Total Protection Plan® extends manufacturer's

warranties and provides coverage on new equipment for up to 10 years or 10,000 hours, and up to 8 years or 8,000 hours on used equipment, with no deductible.

Better yet, with the help of Countryside Coop, Traun's claims process was simple and headache free. "We just changed the oil and turned the samples in. Our co-op took care of the claim for us," Traun said.

So, even though Christmas didn't start out like Traun had hoped, the Cenex Total Protection Plan® was proud to present him a check of \$19,131.21 to cover the repair bill and get his tractor operating again. And that's a gift anyone would want. "When stuff happens that you don't expect, you have to pay the bill somehow. Cenex® sells the product and they stand behind it," Traun said.
